

Dear FCC Members:

I realize that this letter is a waste of time, but my belief in citizenship and the promise of democracy compels me to write anyway. I know that you know that "synergizing" media outlets destroys democracy and breeds totalitarian. Indeed, that is the reason that you're "synergizing". Please stop. You are ruining our country and the world. And Mr. Powell, there IS such a thing as the "Public Interest". Perhaps you won't experience its importance given your flarchy lifestyle and deep bunkers, but there may come a time....See ya'll in the gulag!

Yours Truly,

Susan Skinner
